

**Head, Department of Medicine
Queen's University and Affiliated Teaching Hospitals
Kingston, Ontario, Canada**

Applications are invited for the position of Head of the Department of Medicine at Queen's University, Hotel Dieu Hospital, Kingston General Hospital and Providence Care, which are fully affiliated teaching hospitals. We are searching for an academic physician with proven administrative experience and leadership skills who is engaged in the practice of medicine and who, as Head, will draw on strong interpersonal and organizational skills to develop and manage teams that will foster excellence in teaching, patient care and research within the Department and the region. The qualified applicant must be eligible for licensure in Ontario.

With a complement of 80 full-time plus 80 part-time faculty, the Department of Medicine includes the Divisions of Allergy and Immunology, Cardiology, Endocrinology and Metabolism, Gastroenterology, Geriatric Medicine, General Internal Medicine, Haematology/Oncology and Ethics, Infectious Disease, Nephrology, Neurology, Palliative Medicine, Respiratory and Critical Care Medicine, and Rheumatology. The Department works collaboratively to provide a broad range of medical services for the greater Kingston area and, in the case of more specialized services, to the Southeastern Ontario region and beyond including Moose Factory. The Department contributes to undergraduate medical education through didactic lectures, instructing problem-based learning along with basic and expanded clinical skills groups, and supervising clinical clerkships. In addition to offering full residency programs in general internal medicine and core and sub-specialty residency training programs in cardiology, gastroenterology, haematology/oncology, nephrology, neurology, respirology, rheumatology, palliative care, and critical care, the Department also supports core and off-service rotations of residents from other residency programs. The research interests of the Department span the full range from basic science to epidemiological, to clinical trials, to health services and health policy, and to a variety of (sub)specialty-based clinical interests. Further information may be obtained by visiting the Department of Medicine web site at <http://deptmed.queensu.ca>.

Applications and nominations, the former to be accompanied by a letter summarizing leadership and administrative experience, a *curriculum vitae* and the names and full contact information of three referees, are to be directed to: Drs. Richard Reznick and David Zelt, Search Committee Co-Chairs, c/o Mrs. Gail Knutson, Faculty of Health Sciences, Macklem House, Queen's University, 18 Barrie Street, Kingston, Ontario, Canada, K7L 3N6. Electronic submissions can be forwarded to gail.knutson@queensu.ca. Review of applications and nominations will commence in mid-October and will continue until the position is filled.

At Queen's, located in the historic City of Kingston, midpoint between Montreal and Toronto, and a pleasant drive from the nation's capital, the pursuit of excellence is all about making the world a better place. Queen's University is consistently ranked as a leader in Canadian post-secondary education and research, and, attracting the very best students and faculty, we aspire to become a global leader in these areas. We educate our students to become citizens for a global society, we foster an academic environment of discovery, and we provide opportunities for innovative, meaningful careers. www.hr.queensu.ca

Kingston is located on the shores of Lake Ontario in the Thousand Islands region of southeastern Ontario. As the freshwater sailing capital of North America, the city, which combines the charms of smaller city living with the cultural advantages made available by the presence of two universities, a community college and a number of public service institutions, is a highly desirable place to live.

The University and Hospitals are committed to employment equity and diversity in the workplace and welcome applications from women, visible minorities, aboriginal people, persons with disabilities, and persons of any sexual orientation or gender identity. All qualified candidates are invited to apply; however, Canadian citizens and permanent residents will be given priority.
