**Educational Innovation and Research Fund**

**Application Form**

Name of Principal Investigator:		Telephone:
Faculty:		Email:
Department:	Division:	

**EDUCATIONAL INNOVATION/RESEARCH PROJECT:**

Project Title:	
Co-investigators	
#1: Name, Position, Department/Division	
#2: Name, Position, Department/Division	
#3: Name, Position, Department/Division	
Duration of project (in months):	Proposed starting date:
Funds Requested:	

**PROJECT ABSTRACT** (Maximum 300 words)

Please include:

- Description of the educational issue/problem
- Rationale for the importance of the issue/problem
- How this project will address the issue/problem
- Intended outcome(s) of the project

## PROJECT DESCRIPTION (1 to 3 pages maximum- 250-800 words)

*Print the following guidelines and in the space provided, please provide a description of your proposed project with details under the appropriate headings:*

### Project Title:

#### 1. Background and Rationale of Educational Innovation/ Investigation

*Please describe:*

- The educational issue/problem the project addresses
- How this project fits within or builds upon the existing literature on the topic
- If this project draws upon a particular educational theory/conceptual framework

#### 2. Purpose Statement

*Please include a statement describing the purpose of the project e.g.*

- The purpose of this project is to evaluate the effectiveness of independent learning experiences in the undergraduate medical curriculum.
- The purpose of this project is to pilot a new approach to assessment of the CanMEDS roles in the postgraduate curriculum.
- The purpose of this project is to develop an innovative approach to teaching about trigger point injections in continuing professional development.

#### 3. Method

*Please describe:*

- The steps you plan to take to address or examine this issue/problem  
e.g. If you plan to implement or pilot an educational innovation describe the innovation and process for evaluation  
If you plan to investigate current practices describe the proposed method

#### 4. Outcomes

*Please describe:*

- The intended outcomes of the project
- How this project will enhance the learning experience and/or competencies of students in Queen's School of Medicine
- To what extent the outcomes will be transferable to and/or lead to improvement of other educational programs in Queen's School of Medicine.

#### 5. Key References

*Please list 3 to 5 key references from the literature that support the need for or approach taken to your project.*

*Please begin your project description here (Maximum 3 pages/800 words):*

## PROJECT BUDGET

Please provide details of how funds will be allocated

<b>Materials/ Supplies</b>	
Item	Estimated cost

<b>Personnel /Salary Support</b>	
Item	Estimated cost

<b>Travel</b>	
Item	Estimated cost

<b>Other</b>	
Item	Estimated cost

## **QUALIFICATIONS**

Please describe briefly the qualifications of the principle investigator and co-investigators (if applicable) and how this experience supports the ability to carry out this particular project.

**Has your proposed study or evaluation undergone ethics approval?**

Yes                       Date approved (MM/DD/YY)                      OR                      Awaiting approval

No                       Proposed date of submission to ethics board (MM/DD/YY)
