

Will You Need New or More Medications?

CANCER DRUG ASSISTANCE PROGRAM

Sponsored by Cancer Care Ontario

The diagnosis of cancer can mean that you have to take more medication than in the past. Some of this new medication can also be very expensive.

Most people have questions or concerns about how to pay for these new medications.

A friendly Registered Nurse who has expertise in drug assistance plans is available to help – and is just a call away!

A free, confidential call will put you in touch with someone who can help you fill in any forms that you need to complete and answer these and any other questions you may have:

- Ⓢ What is available to provide coverage or reimbursement for my medications?
- Ⓢ How do I submit a claim to my drug plan?
- Ⓢ My drug plan told me I need a Special Authorization Form. Can you help?
- Ⓢ I don't have a drug plan. How do I enroll in the Trillium Drug Program?
