

PRAIRIE SKIES
MEDICAL IMAGING

Radiology Associates of Regina Medical PC Inc. (operating as Prairie Skies Medical Imaging) is Regina's largest imaging practice.

Owned by local radiologists, we have been providing comprehensive imaging services in 5 community-based clinics, two acute care hospitals and multiple Southern Saskatchewan health centres for more than 50 years.

Prairie Skies offers above average earning potential in a dynamic work environment and a diverse practice opportunity in both community and acute care facilities.

Regina is a culturally diverse city offering a variety of amenities, cultural and sporting activities, parkland and an international airport.

The Opportunity: We are currently seeking full time general radiologists to join our growing hospital and community-based practice.

These are full time, partnership track opportunities that cover primarily daytime shifts with equitable evening and weekend call responsibilities.

Qualifications:

- Eligible for licensing with the College of Physicians and Surgeons of Saskatchewan
- Fellow of the Royal College of Physicians of Canada (or eligible)
