Approved by Admissions Committee: November 21, 2005, September 16, 2021

Revisions Approved by MD Program Executive Committee: May 5, 2021, September 24, 2021

Revisions approved by Faculty Board Executive: October 25, 2021

Revisions: September 16, 2021

Effective Date: October 25, 2021

Graduate applicants that have met the minimum threshold requirements, will be given consideration of their graduate student status.

Applicants will be considered graduate applicants if:

1. Applicants must have completed their graduate degree by the August 1 prior to the commencement of medical school;
2. Applicants must be in their final year of a multi-year graduate degree program to be eligible to apply as a graduate applicant;
3. Applicants that are in a 1-year graduate degree program must complete their graduate degree prior to applying to be eligible as a graduate applicant. Otherwise, they will be considered as an undergraduate applicant;
5. The graduate degree was completed at an accredited university.

If your application qualifies as a graduate applicant as deemed by this policy, and you are offered a seat in our program, the offer is based on the expectation that your graduate degree will be completed by the August 1st prior to the commencement of medical school. If you are unable to meet the deadline you will normally lose your seat in the program. We require an official transcript as proof of graduate studies conferral.
