

Undergraduate Medical Education

Access to Student Records and Privacy Procedure

Corresponding Policy:

[Queen's University Student and Applicant Record Policy](#)

Supersedes: none

Lead Writer: unknown

Approved by MD PEC: October 15, 2014

1.0 Purpose

This document outlines how the Undergraduate Medical Education Office (UG), acting as a custodian of University records, complies with its obligations and requirements to manage records and information in its custody or control. It also establishes principles and requirements that ensure student records are stored in a manner that maintains physical and logical integrity, and confidentiality.

2.0 Procedures

2.1. Access and Retrieval

All student records are maintained in a secure area.

The active records room is locked during non-business hours with limited access to the key.

The storage area for archived records is locked at all times with limited access to the key.

Only authorized personnel who have signed a Statement of Confidentiality (<http://www.queensu.ca/humanresources/policies/statement-confidentiality>) will be permitted to access student records on a need-to-know basis.

A list of authorized personnel and level of access permitted will be kept, approved and maintained by the Manager, Staffing and Student Support Services – See Appendix A attached.

Faculty who are not authorized personnel and require access to a student file must make a request in writing to the Manager, Staffing & Student Support Services that outlines the nature, reason and scope of the access and may be granted access only to information on a need-to-know basis at the discretion of the Manager or Associate Dean, UGME.

All documents related to medical information, accommodation or disability will be kept secure in the student or applicant record and separate from other documents and will be made available on a *need to know basis* only by consent of the student or applicant and the Associate Dean, UGME, or to those authorized faculty and personnel by virtue of their role who have been permitted access to the entire record. Documentation will be destroyed three years after departure or graduation from the MD Program.

2.2. Privacy and Security

Records are not permitted to leave the UG premises.

2.3. Students' Access to their Records

Students who wish to inspect their record must make a request to the Associate Dean, Undergraduate Medical Education. Access will be by appointment. All viewing will be in the presence of authorized personnel at the UG Office.

2.4. Transfer to Archives

At the end of the academic year, the records of students who have graduated are transferred to archives in accordance with the applicable record retention schedule (<https://www.queensu.ca/accessandprivacy/records-management/records-retention-schedules>). Records are stored in sealed boxes and labelled to indicate the contents and disposal date, if applicable. Records are maintained in a dry accessible location. Records identified for disposal are destroyed by a commercial shredder on site.

2.5.

2.6. Emergencies

The Associate Dean or designate can consult student files, where necessary, in order to respond to medical or other actual or apprehended emergencies affecting a student presently enrolled in the School.

2.7. Criminal or legal proceedings

Access to student files in relation to any criminal or other legal proceedings can be granted only upon receipt of a subpoena or other legally binding order of production.

Undergraduate Medical Education Administrative Procedure
