

**Terms of Reference: Postgraduate Medical Education Committee
Postgraduate Medical Education, School of Medicine
Faculty of Health Sciences, Queen's University**

Part I: Mandate and Responsibilities

1. Mandate:

The Postgraduate Medical Education Committee (PGMEC) supports the Associate Dean, Postgraduate Medical Education at Queen's University in planning, organizing and evaluating all aspects of residency education. The Committee is responsible for: developing appropriate policies and processes to oversee residency education; advocating for resources to facilitate and enhance residency education; and, addressing social accountability within residency programs ensuring the needs of the population are served.

The Committee will include all program directors and representation from residents, learning sites, postgraduate administrative personnel and key community stakeholders.

2. Policy References:

The CanERA General Standards of Accreditation for Institutions with Residency Programs version 2.1 governs PGMEC composition, responsibilities and reporting relationships. The Institutional Standards are available at:

<http://www.canrac.ca/canrac/general-standards-e>

3. Major Responsibilities: (aligned with the Domain of Institutional Governance, Standards 1,2 and 3; the Domain of Continuous Improvement, Standard 8 and 9):

The PGME Committee:

- 3.1. Develops, adopts, reviews, and disseminates policies and processes for all aspects of residency education at Queen's University (including but not limited to: policies related to selection, evaluation, promotion, and withdrawal of residents in all programs; policies related to resident safety; policies related to wellness; and policies related to faculty assessment.
- 3.2. Facilitates residency programs in meeting the specific standards for the discipline and achieving the School of Medicine's vision/mission, including its social accountability mandate.
- 3.3. Ensures there are, and advocates for, adequate resources and support to allow residency programs to meet accreditation standards.

Approved at PGMEC on September 16, 2021

Approved by the Faculty Board Executive October 19, 2021

- 3.4. Ensures a confidential system of residency and teacher information management is maintained.
- 3.5. Maintains effective working relationships with all residency education stakeholders, including but not limited to: program directors, residency program committees, administrative personnel, undergraduate medical education, continuing professional development, faculty development, all learning sites, other health professionals, government, and the certifying colleges and medical regulatory authorities.
- 3.6. Reviews and improves the quality of postgraduate medical education structures and governance on a regular basis.
- 3.7. Oversees the internal review process for all residency programs between regularly mandated on-site surveys and as specifically mandated by the accrediting Colleges.
- 3.8. Provides effective follow-up mechanisms to ensure implementation of recommended changes emerging from Internal Reviews and Accreditation processes to enhance all residency programs.
- 3.9. Builds capacity and facilitates residency programs to identify, monitor and correct issues through continuous improvement.
- 3.10. Establishes and maintains an appeal mechanism for matters related to postgraduate medical education decisions.
- 3.11. Ensures residents are allocated to teaching institutions based on educational priorities.
- 3.12. Gives clear direction to Program Directors and assures that they are supported by their Department/Division Head and the Associate Dean in the conduct of their educational programs, including the allocation of residents.
- 3.13. Ensures a proper educational environment free of intimidation, harassment and abuse, with mechanisms in place to deal with such issues as they arise.
- 3.14. Ensures there is a collaborative process to review and improve the quality of the learning environment at all learning sites.
- 3.15. Ensures there are adequate guidelines for the supervision of residents.
- 3.16. Ensures there is adequate opportunity for faculty development.
- 3.17. Ensures its terms of reference are reviewed regularly.

4. Access to Information:

Members of the committee will have access to documents required to inform the effective management of postgraduate medical education.
